## | ASSET MANAGEMENT SOFTWARE

Transforming the Way of Asset Management

# ALL-IN-ONE SOLUTION FOR ALL YOUR ASSET TRACKING

Simplify your asset management processes with InfoAsset, an advanced yet intuitive asset management software.

InfoAsset is a sophisticated software solution designed to streamline the tracking and management of diverse organizational assets. By simplifying asset management processes, businesses can optimize their operations and minimize the risk of asset loss. With its user-friendly interface and robust features, InfoAsset revolutionizes asset management, boosting productivity and cost-efficiency in modern enterprises.

Track and manage all your software and hardware assets from a single, unified view throughout their lifecycles.

# WHAT WE OFFER

Tired of handling multiple spreadsheets and manual processes to manage your company's assets?  
See how InfoAsset helps you in asset management.

## Single-Stop Asset Management Solution

The one-stop solution for managing, tracking, and reporting the usage of hardware and software assets in an organization.

## Efficient Resource Allocation

Optimize the allocation and usage of assets, ensuring that each resource is utilized and maximizing productivity.

## Maximized Asset Utilization

Easily identify both actively used and underutilized assets to optimize resource allocation and reduce inefficiencies.

INFOASSET

# EXPLORE OUR KEY HIGHLIGHTS

## Web-Based Asset Management

Access real-time information about your asset locations and responsible parties from anywhere, at any time.

## Check-In/Check-Out Asset Management

Simplify the process of checking in/checking out assets to staff, students, or locations, reducing losses.

## Unlimited User Access

Provide unrestricted access to an unlimited number of users without incurring additional costs.

## Document Storage for Assets

Store essential documents related to your assets securely, helping you maintain order and accessibility.

## Mobile Asset Tracking App

Asset tracking app for both iOS and Android platforms to monitor your valuable fixed assets from anywhere.

## Asset Tracking with Comprehensive History

Utilize RFID asset tracking to access detailed historical data for each asset effortlessly.

## RFID and Barcode Asset Tracking

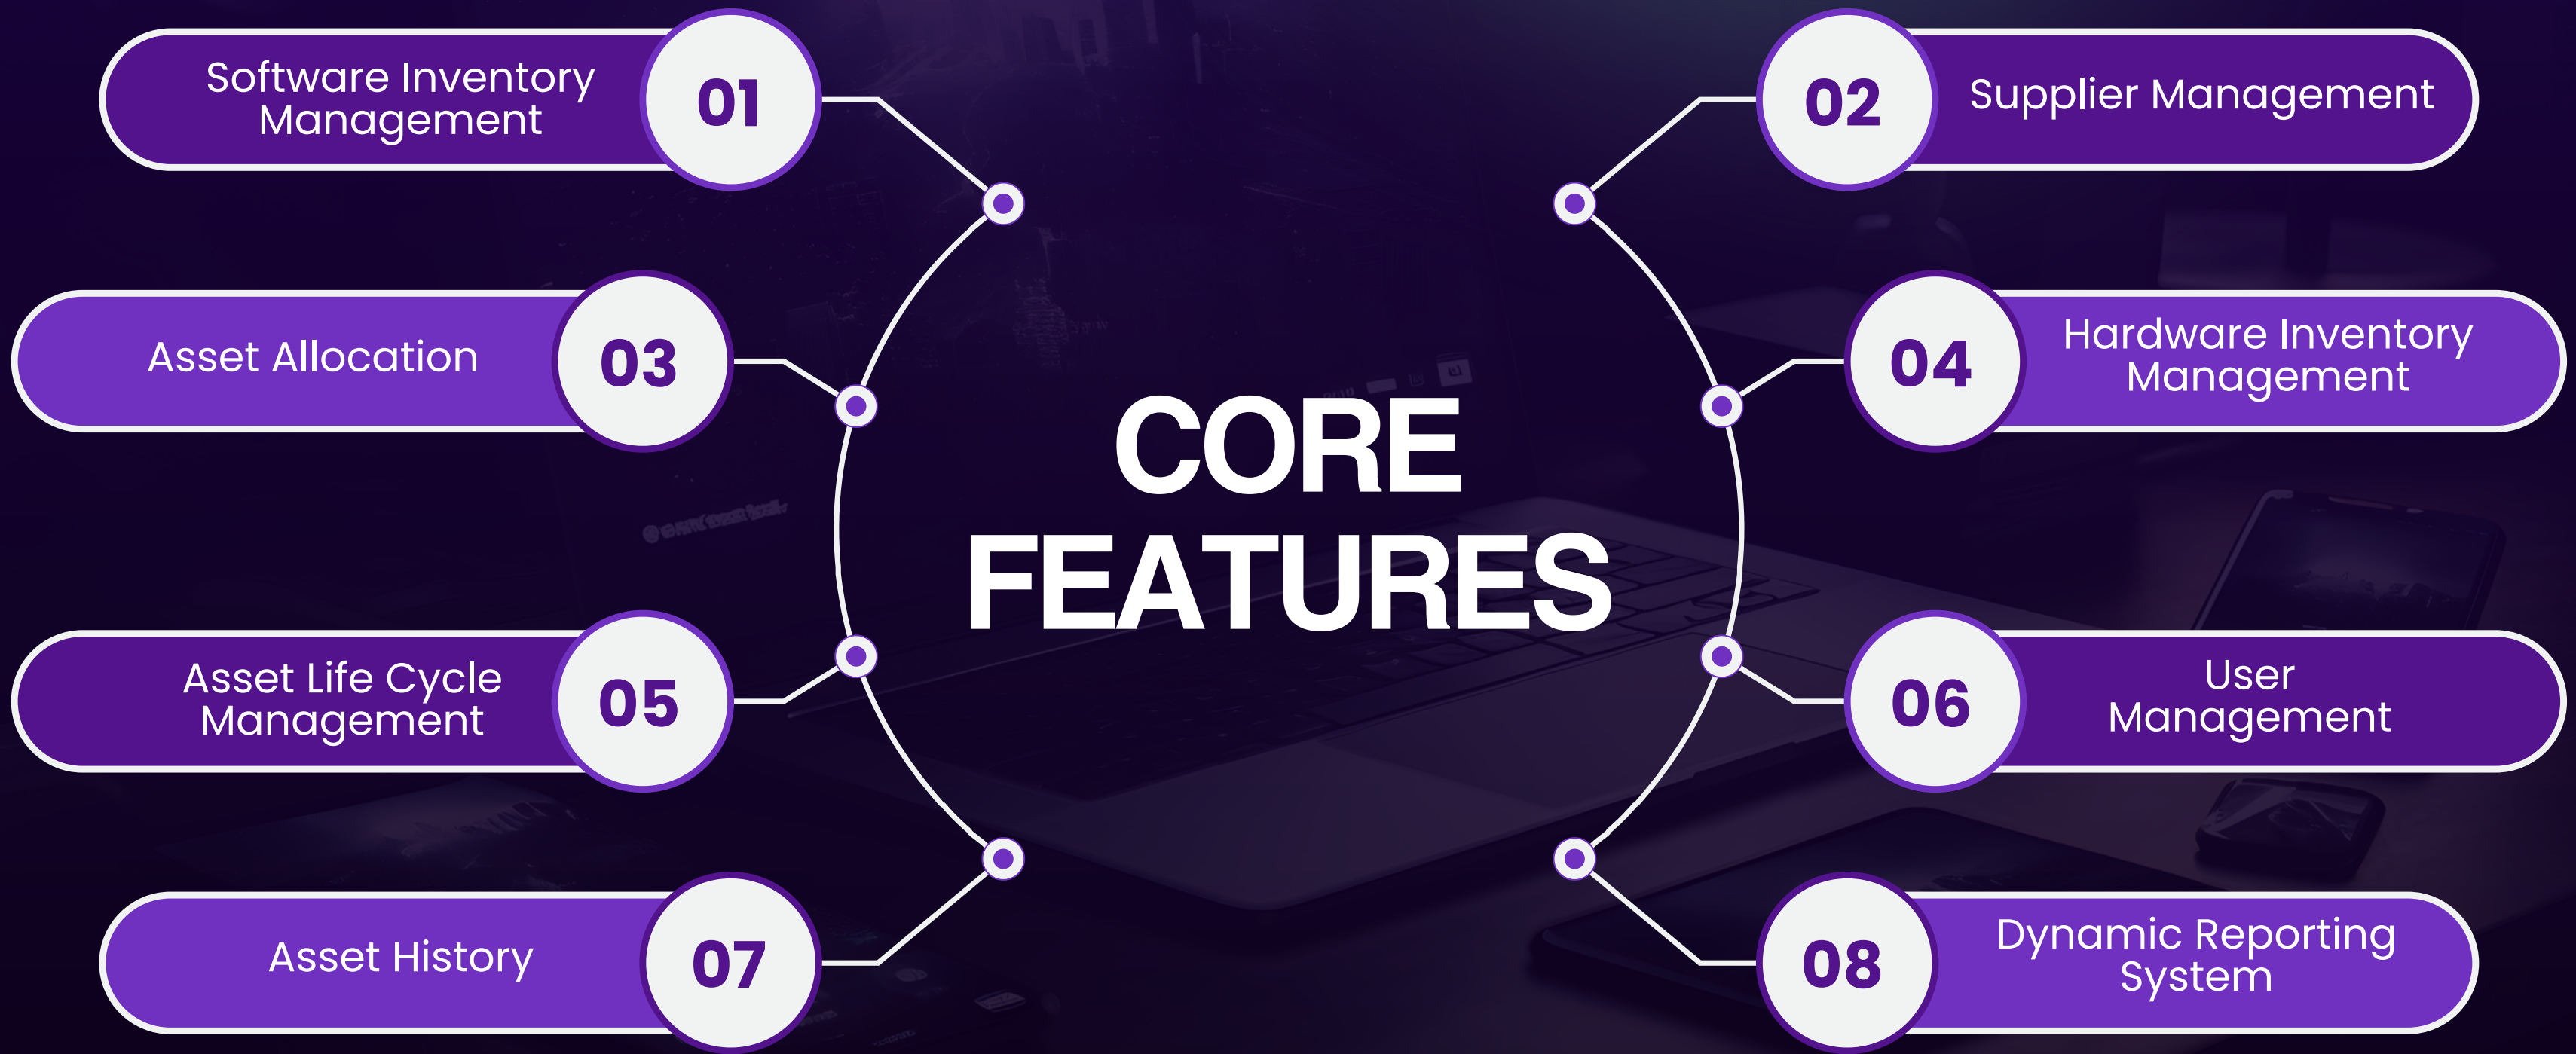

Use RFID or barcode technology, or a combination of both, to streamline and optimize your inventory management.

## Customizable Tracking Reports

Generate on-demand reports or set up automated schedules to have reports delivered directly to your inbox, enhancing operational efficiency.

## Tracking of IT Assets

Manage and track all IT assets, such as laptops, tablets, etc., and other electronic devices with ease.
